RINGLING BROTHERS ANNOUNCE DATE

Gigantic Spectacle and Thousands Arenic Sensations To Invade This Locality in Near Future.

Word comes that Ringling Brothers' mammoth circus is to exhibit afternoon and night at St. Louis for 5 days beginning Tuesday, May 7th.

Always the leaders in introducing the newest and greatest features the famous showmen this season announce the most remarkable program of their career. There is a brand new spectacle of gigantic proportions entitled

"In Days of Old" Produced on the biggest stage ever built, it tells the story of Ivanhoe, Robin Hood and King Arthur. An entire troupe of scenery is carried. The cast numbers 1,250 actors and there is an entrancing ballet of 300 dancing girls.

A thousand arenic sensations follow the spectacle on the main tent program. There are great troupes of acrobats, dogs and monkeys that walk on tight ropes and ride horseback; herds of elephants in all new tricks; international athletes in feats of amazing strength; slides for life from tent-top to the ground by men suspended by the hair, and one—the great Hillary—who "jumps the gap" with skates attached to his head. The world's greatest stars, such as May Wirth, who leaps from the ground to galloping steel with baskets tied to her feet, are presented in great number.

There are twice as many clowns as before, a menagerie of 1,000 splendid animals and, to introduce the holiday, an all new street parade three miles long.

Nature Cures, The Doctor Takes the Fee.

There is an old saying that "Nature cures, the doctor takes the fee," but as everyone knows you can help Nature very much and thereby enable it to effect a cure in much less time than is usually required. This is particularly true of colds. Chamberlain's Cough Remedy relieves the lungs, liquefies the tough mucus and aids in its expectoration, allays the cough and aids Nature in restoring the system to a healthy condition.

For Sale:—One slightly used 1917 model automobile with electric starter and lighting equipment, demountable rims and extra rim, weight less than 2,000 pounds. Car in first class condition.

Just Got Over a Cold?

Look out for kidney troubles and backache. Colds overtax the kidney and often leave them weak. For weak kidneys—well, read what a Ste. Genevieve woman says:

Mrs. Joseph King, Market St., says: "I had kidney complaint from childhood. I noticed that when I caught cold, it disordered my kidneys and brought on attacks of backache. Often I could hardly stoop to tie my shoes. My kidneys acted irregularly and annoyed me a great deal. I read such good reports about Doan's Kidney Pills. I finally got some from Hinch & Douglas' Drug Store. I soon got relief and continued using them until cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. King had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

At the city election, which was held at Chester, Ill., on April 16, the town voted dry by a majority of 71. On April 30 the six saloons will close their doors, unless they are granted a short additional time in which to dispose of their stocks.—Chester Herald.

The Man of Destiny

Why should this man defy the arts, the man-made arts that passing live and grow upon the stem of time; the arts the world so sacred shields and hides them in the vault of mind, lest time's relentless even tide may wash the jewel from the hand of precedent that mortal man has ever built on which in tempest time to stand and lay in waste as dross and rust, this earthly monster built of dust.

What arts are these that cannot bear the scrutiny of higher sight from higher planes of life, that cannot stand the piercing glare of luminating truth; what human thoughts, what human rules that shrink before the light? True arts and wisdom truly sought to aid benighted man, who in his darkness gropes about to find his way again, should lift the man upon his feet and place him sword in hand, that sword of wisdom, hope and health, that makes him twice a man; that lifts him high upon the path of trustfulness and faith; that puts the flash into his eyes and smile upon his face; that gives him order to embark upon his wholesome march; that points the morning star of hope, of life of joy of health.

High Value—Low Cost

As people demand more of themselves, their time and their money, the value of this Model 90 looms larger and larger.

It gives all the five essentials for complete satisfaction.

Its never-give-up performance makes it as efficient as it is convenient.

The powerful sweet-running motor squeezes every bit of power from every drop of gasoline.

Its appearance and comfort leave nothing to be desired. It has buoyant cantilever rear springs, easy-riding 106-inch wheel base, spacious interior and wide seats.

The upholstery is deep, and the tires are large, non-skid rear.

No matter where you drive, expert Overland service is always available and is a vitally important advantage in owning a Model 90.

Its price is remarkably low in proportion to the value you get; the value of quality materials, the value of room, beauty, and modern improvements, including Auto-Lite starting and lighting and vacuum fuel system!

Busy men and women crowd more work into a day with less fatigue with this efficient, time-saving and health-building car.

Notice To The Public.

It has been circulated through-out Ste. Genevieve County that I have in my trips in the various parts of the county selling medicine, stopped and boarded with the farmers and reported and had them prosecuted for serving me meat on meatless days or on days which the Government prohibits the use of same.

While my loyalty to my country in unquestioned and I uphold no one in the violation of our country's laws and regulations in these critical times, this report is untrue, and anyone can upon inquiry from the authorities in Ste. Genevieve convince themselves that this is a false report.

I will give \$100.00 reward for the apprehension and conviction of the parties or party who circulated this false rumor.

FELIX R. SHOULTS,
 Better known as the Rawleigh Man.

Constipation and Indigestion.

These are twin evils. Persons suffering from indigestion are often troubled with constipation. Mrs. Robert Allison, Mattson, Ill., writes that when she moved to Mattson she was a great sufferer from indigestion and constipation. Food distressed her and there was a feeling like a heavy weight pressing on her stomach and chest. She did not rest well at night, and felt worn out a good part of the time. One bottle of Chamberlain's Tablets corrected this trouble so that she has since felt like a different person.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system, thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. Some Good Advice.

"Don't think too much of your own methods. Watch other people's ways and learn from them." This is good advice, especially when bilious or constipated. You will find many people who use Chamberlain's Tablets for these ailments with the best results, and will do well to follow their example.
